

IACCM Honor Roll

The following list records the people that make-up our current Honor roll. The reason for disclosure at this time is that we have had an honor roll for many years, but we lacked the documentation.

Some of these people have passed and were honored while they were alive. Others are still with us and remain active in the Chamber.

Please be aware that a nominee need not (or ever been) a Chamber member, but has in some meaningful way contributed to the betterment of this organization.

The list is made up from the memory of the writer. If you know of any person that should be recorded, but is not, please contact Debbie at the Chamber Office.

IACCM Honor Roll
